ADMINISTRATION

DR. KENNETH L. SCHWAB *PRESIDENT*

Dr. Kenneth L. Schwab, an award winning educator with a keen interest in leadership and strategic planning, was named Centenary College's 34th President in 1991.

His efforts to maintain Centenary's reputation as one of the premiere liberal arts colleges in the nation has resulted in enhanced student life and increased academic quality during his tenure.

Dr. Schwab came to Centenary from the University of South Carolina where he was Executive Vice President for Administration (1988) after serving as Executive Assistant to the President for Institutional planning (1986-88).

From 1970-1986, Dr. Schwab held administrative positions at Guilford College in Greensboro, NC. He was the Assistant Dean of Students and Director of Residential Operations (1970-74), Dean of Students (1974-80) and Assistant to the President for Institutional Planning and Community Relations (1980-86).

Dr. Schwab holds the doctor of education degree (1978) from Indiana University, master of education degree (1972) from the UNC-Greensboro and the bachelor of science degree (1969) from Purdue University, where he graduated with honors as the Outstanding Senior. He has also done post-graduate studies at both Johns Hopkins University and Harvard.

Dr. Schwab and his wife, Patricia Neergaard Schwab, who also has a doctorate in education, are the parents of three sons: Kempton, Carlton, and Christopher.

RUSS SHARP

DIRECTOR OF ATHLETICS

In his fifth year as Director of Athletics, Russ Sharp has made quite an impact on Centenary's athletic department.

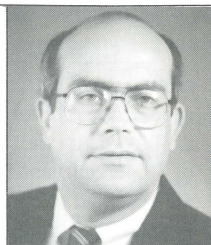

Since coming from Arkansas State, where he served as Assistant Athletic Director for four years, Sharp has created a sports medicine facility, advertising partnerships and a master plan for facility improvement.

Two phases of his facility improvements plan have already been completed. The first phase of the plan was the construction of a new softball field which was completed in spring, 1996. Fall, 1996, his hard work brought about the expansion of the soccer field and the installation of a new scoreboard which completed phase two of the plan. Improvements in 1998 included installation of permanent seating at the soccer complex, and lights at the softball complex.

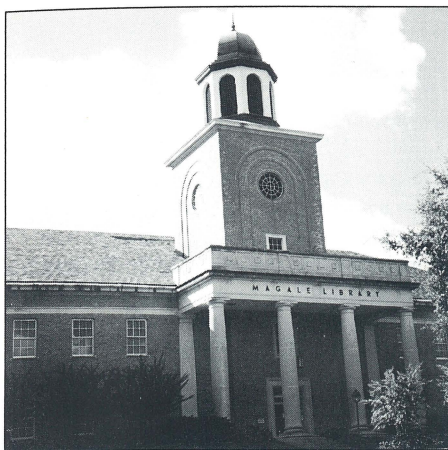

Sharp has also worked on fund raising campaigns and has created a marketing plan to lead the Centenary Athletic Department into the 21st century. He has served as the chair of the Trans America Athletic Conference Nomination and Finance Committee and is currently participating on this fourth NCAA Certification and Peer Review Team as well as his first NCAA Rifle Committee.

Prior to Arkansas State, Sharp spent 13 years at West Georgia College. Among his roles at West Georgia were Assistant Athletic Director for Business Affairs and Executive Director of the Braves Club.

A 1983 graduate of West Georgia, Sharp and his wife, Teri, are the proud parents of 20-month old son, Matthew Glenn.

CENTENARY COLLEGE

A RICH TRADITION

Since its founding in 1825, Centenary College has cherished its heritage as a small progressive liberal arts college. Its formula of close interaction between students and faculty, innovative academic programs and a dynamic community prepares its students for the 21st century.

Centenary takes pride in its outstanding reputation in higher education. Its average acceptance rate for medical and dental school is 80 percent (well above the national average of 30 percent) and 90 percent of its graduates are accepted to law school. Additionally, 98 percent of its graduates are employed within one month of graduation. Centenary's excellent academic program, its mixture of activities and social events and the quality of those who make up the campus community combine to create an exceptional life experience for its students.

A LOCATION FOR SUCCESS

Centenary College's campus is located a few miles from downtown Shreveport, Louisiana which offers students an incredible array of opportunities for learning and entertainment. The natural beauty of its landscape and Georgian style architecture help create the perfect atmosphere in which to live, learn and have fun. However, the unparalleled splendor of the Centenary campus is only part of what makes its location unique. Centenary students

enjoy the arts, music, theatrical events and national entertainment headliners. They are able to intern at one of several regional medical centers or a Fortune 500 company. They experience a night life that includes art festivals, concert tours, a symphony, opera and ballet company. They enjoy delicious Cajun cuisine from any number of fine area restaurants and can explore the riverfront area with its parks, boating and scenery.

ACADEMICS:

DYNAMIC AND DIVERSE

At Centenary, small class sizes allow instructors to mentor their students and know them as individuals. The unique mix of personalized instruction (53 percent of courses have 10 students or less), superior facilities and equipment, and teachers who are scholars in their field combine to create a first-rate academic program. However, a small student body does not translate into fewer opportunities. Whether a student has a specific career path in mind or he/she is still exploring his/her options, Centenary has a number of diverse program offerings.

FACULTY: PARTNERS IN LEARNING

Centenary professors groom their students to compete with the best, whether that means guiding them through original research projects, helping them design career plans, or calling contacts to connect them with jobs and/or graduate schools. Centenary's faculty aid students in the navigation path of academic and personal growth. They encourage, advise and challenge students while helping them fulfill their academic potential. In the classroom, learning is anything but passive. It is not uncommon for faculty members to host dinners and other special events at their homes for students or to enjoy meals with students in the campus dining hall. There is a sense of family and community at Centenary. Faculty are revered as mentors and trusted as friends.

As professionals, Centenary faculty are scholars in their fields having received degrees from such prestigious institutions as Harvard, Yale, Dartmouth, Duke, Vanderbilt, Columbia, John Hopkins, Virginia and Emory. Over 92 percent hold the highest de-

CENTENARY COLLEGE

gree in their respective fields. They are a diverse group of individuals with one thing in common: they love to teach.

FACILITIES AND RESEARCH

World-class theater and music facilities, a film and video production studio, over 300 personal computer stations and a nationally accredited art museum are some of the facilities to which students have daily access.

In the past five years, Centenary has produced three Goldwater Scholarship recipients, the premier undergraduate award in the field of science, mathematics and engineering. Centenary boasts about its award-winning publication, *Le Tintamarre*, the only French language newspaper in the country completely created by students. In 1996, Centenary received a prestigious Howard Hughes grant which will enable Centenary to develop new cooperative learning programs to enhance the study of science. The biophysics department recently received a grant to develop a novel way to pinpoint oxygen deficiency inside the body which will help treat strokes and other circulatory diseases. Whatever a student's goal is, Centenary's first-rate facilities will help him or her reach it.

CREATIVE EXPERIENCES

At the heart of a liberal arts curriculum is the concept of openness to new ideas. Centenary embraces this philosophy and prides itself in its careful consideration and implementation of new programs. While never abandoning its basic precepts, Centenary remains on the cutting edge of curriculum enhancements. All students participate in the Centenary Plan - a three-pronged strategy to ensure their complete preparation for life beyond graduation.

"Career Exploration" enables students to participate in a systematic and planned inquiry into career opportunities through self-assessment, awareness and developing a personal profile of accomplishments.

Through the "Intercultural Experience" students gain the global perspective necessary for them to be successful in today's multicultural world by living in a culture within the United States or abroad.

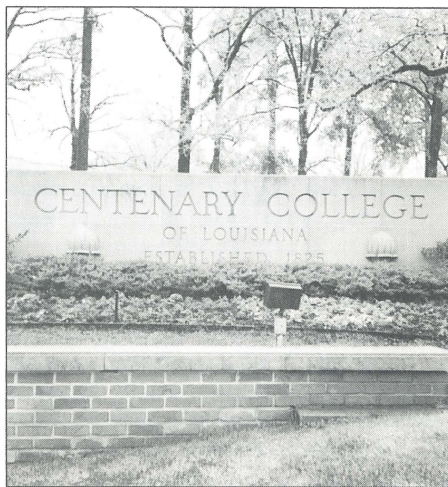

Participating in "Community Service" al-

lows a student to better understand citizenship in society by contributing to it. As Centenary helps students acquire and develop new skills, students begin to share them by helping others in the community.

In addition to the Centenary Plan experience, all students participate in one "May Module." The "module" as students refer to it, is a one-month intensive study of a particular field of interest to them. This is a great opportunity for students to do more in-depth discovery in a topic related to their major or to select a program outside of their academic field. Students can choose from a variety of options such as hiking the Grand Canyon, exploring Costa Rica, volunteering for the Special Olympics or working within the Shreveport community.

STUDENT LIFE

Centenary students reach their potential by participating in both academic and social events. The campus community is incredibly active and multi-faceted with an array of activities from which to choose. Students have an opportunity to make a real difference in the quality of life at Centenary through participation in clubs, organizations and activities. Many of its students are active in the student government and the student media. Others participate in its Greek system, while still others get involved in groups focused on environmental, political and social change.

TRANS AMERICA ATHLETIC CONFERENCE

In the ever-changing environment of collegiate athletics, the Trans America Athletic Conference (TAAC) continues to balance academic and athletic excellence while blending a unique style of tradition and growth. The TAAC, founded September 19, 1978, stands firmly upon its purpose as stated in its constitution and bylaws, "...to assist its member institutions in the maintenance of programs and intercollegiate athletics which are compatible with the highest standards of education and competitive sports."

The TAAC again enjoyed success in the classroom and on the playing fields as a record number 960 student-athletes earned all-academic honors in 1997-98, surpassing the previous mark of 908 set in 1996-97. The University of Central Florida took home the TAAC's All-Academic Championship Trophy in 1997-98 as 52.6 percent of its student-athletes earned conference all-academic honors. Georgia State University earned the prestigious conference honor of winning both the TAAC Men's and Women's All-Sports Championships in 1997-98.

The TAAC welcomes Jacksonville University (Jacksonville, FL) as a full member in 1998-99 as the Dolphins were associate members in men's and women's soccer in 1997-98. With some of the finest private schools and fastest growing state schools in the Southeast, the TAAC will have more than 2,000 student-athletes competing in the conference in 1998-99.

With its academic achievements and athletic success, the TAAC has become one of the top all-around collegiate athletic conferences in the country. In its 21st year of operation, the TAAC continues to strive toward providing its member institutions the best arena for academic and athletic success.

THE OUTLOOK

THERE'S A NEW HEAD HOUND IN THE KENNEL

With a new head coach, 20 new players, and one of the most difficult schedules in recent years, one might think Centenary might have an off-year. However, this year's club is one of the most revered since former head coach and career win leader Andy Watson was at the helm.

This season, Ed McCann takes over as the new head hound in the kennel, and sees good things in the future for his young pups...er...club.

"I really like our club," says McCann. "Some might see this season as a building

year, but we have a strong club that will really make an impact. They really understand what it takes to get over the hump. We have one of the best freshmen classes ever. We've recruited good student-athletes who can get it done in the classroom as well as on the field."

PITCHING

"We have a much better staff overall than we did last year," says McCann. "We have some seasoned veterans and more depth."

Jake Haney (Gilroy, CA) is one starter who showed real consistency in the fall. Freshman **Aaron Jackson** (Austin, TX) has been surprising. The freshman can throw three pitches for strikes, and will throw them on any count. **Merritt Hess** (Shawnee Mission, KS) is the team's top returning lefty. He will be another important starter who's shown great improvement in locating his pitches for strikes. **Tim Anderson** (Hollister, CA) returns after having to medical redshirt last season. **David Finklea** (Beaumont, TX) really committed himself over the summer and has made big jumps in his game. **Todd Wagner** (Kingwood, TX) will see time both as a starter

and reliever. **Robbie Buhl** (Dallas, TX) is another Gent who had a strong fall and will be looked upon often to help on the hill. All will provide quality innings and have a better idea of how to pitch at the collegiate level. Newcomers **Adam Hull** (Longview, TX) and **Will McGuffey** (New Braunfels, TX) have showed the ability to get people out in different situations, and were a pleasant surprise in the fall. **Ralph Hicks** (Benicia, CA) will be the team's closer. The junior transfer possesses a fast ball in the low 90's, and has an improved command of the zone. He also has a good slider and a solid change.

INFIELD

Jim Voisin (Omaha, NE) will start the season at first for the Gents. In an outstanding fall, Jim showed tremendous improvement in hitting the long ball. "Jim's the finest fielding first baseman I've dealt with," says McCann.

Eric Tisdell's (Union City, CA)

solid defense in the fall earned him the starting second base job, and his bat provides a big offensive threat that will keep him in the lineup. He also has above average speed which will help the Gents on the basepaths.

The switchhitting **David Pratt** (Houston, TX) will be at short. His great work ethic and outstanding defense in the fall give Centenary something to look forward to this spring.

A rejuvenated **Mike Bogan** (Keithville, LA) starts at the hot corner. "Bogan has a lights out cannon," says McCann. "A real big league arm. He's a real worker who understands how to play the game." The team is looking for Bogan to regain the offensive form he possessed his sophomore year when he hit seven home runs. If his bat returns to full

1999 Gents' Infield: (l to r) 3B - Mike Bogan, SS - David Pratt, 2B - Eric Tisdell, 1B - Jim Voisin

THE OUTLOOK

force, he is assured of finishing his career near the top of many Gents' records.

OUTFIELD

Aaron Wicklund (Lake Tahoe, NV) will patrol left field for the Gents after spending last year in center. He reads the ball off the bat well and will provide the Gents with good leadership. "Wick brings a lot to the table," says McCann. "He handles the bat well, and has the ability to steal bases off reads." Center field duties will belong to Ralph Hicks when he isn't closing the game. The switch hitter has good power from both sides of the plate. "Ralph can run like a deer. He makes our team better when he's in the outfield," says McCann. Right field

will be shared by **Graham Martin** (Opelousas, LA) and **Merritt Hess** who both have the ability to make big plays.

CATCHER

Shawn Lucchesi (Orangevale, CA) and **Ben Taylor** (White Rock, British Columbia) will share time behind the plate. "It's been a real battle at catcher," says McCann. "Taylor plays good defense and has a strong arm. Lucchesi is playing well and handled the bat well for us last year."

UTILITY

Senior **Kyle Crookes** (San Bruno, CA) will be a real key for the Gents. "Kyle is hitting the ball great," McCann says. "His bat will find him playing time." Crookes will likely see time behind the plate, in the outfield, and at DH. **Rob Rubel** (Marengo, IL) will also be big off the bench for Centenary. **Jeff Pierce** (Bossier City, LA) is another strong member of the Gents' squad. "He's a player who might find himself in the starting line-up," says McCann. "He's been hampered by injuries, and has played with pain, but if he's healthy, his bat will make us a much better ball club."

Casey Tyler (Benicia, CA) brings an excellent reputation from community college to Shreveport, and big things are expected of the junior transfer. **Sal Genevese** (Dallas, TX) and **Trent Siskron** (Shreveport, LA) will also be strong off the bench for Centenary.

NEWCOMERS

The Gents have several freshmen who look to make a big impact. Outfielder **Graham Martin** can run the ball down well and right handed pitcher **Aaron Jackson** will make a definite impact. Pitchers **Adam Hull** and **Will McGuffey** will both help the staff tremendously if they can stay focused. McGuffey can throw in the upper 80's and both pitched surprisingly

well in the fall. **Trey Crawford** (Dallas, TX) is another player who will add depth to the club as well.

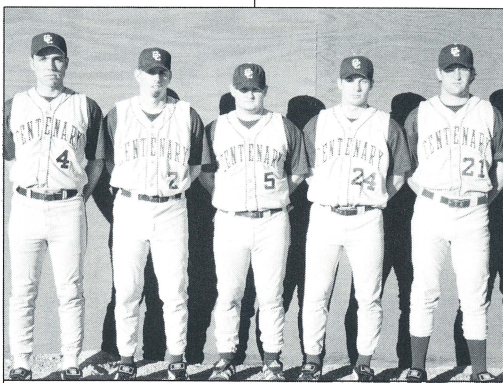

SCHEDULE

"We have a really competitive schedule this year," says McCann. "On top of a strong TAAC schedule, we play some great SEC schools in LSU and Arkansas. We also play some tough Southland

schools." The Gents will also be helped by 26 home games, the most they've played since 1995.

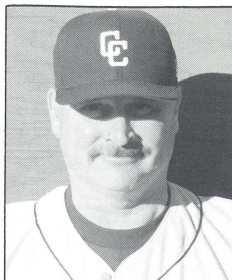

The season will kick off at the Gateway Classic Baseball Tournament in Laredo, Texas February 5-7 where the Gents will face Sam Houston State, Texas-Arlington, and TCU in a three day stretch. The Gents will also face long road trips to Trans America Athletic Conference rivals Campbell, Stetson, and Jacksonville State.

The season concludes with a double header at Jacksonville State May 15. However, with the strength of the team Coach McCann has put together, the Gents look to continue their season far into the TAAC Tournament.

HEAD COACH ED McCANN

ED McCANN
HEAD COACH

Ed McCann is in his first year as a head coach in the collegiate ranks after spending the last two years as an assistant coach at Centenary. While this is McCann's first year as a college head coach, he has 12 years of assistant coaching experience. In the last two years at Centenary, McCann served as the Gents' pitching coach.

McCann began his coaching career as the head coach of Mannford High School in Oklahoma from 1979-86. He guided his teams to state playoff appearances from 1983-86 and won a state title in 1984. He was named Oklahoma Coach of the Year in 1985.

From there, McCann began his collegiate experience as an assistant at San Francisco State from 1987-91. McCann then moved on to Cal Poly-San Luis Obispo for the 1992-94 seasons and Ohlone College for the 1995-96 campaigns. He also was a volunteer coach at Stanford in 1992.

A Las Vegas, Nevada native, McCann attended Southeast Oklahoma State University where he graduated in 1977 with a double degree in physical education and English. While at Southeast Oklahoma State, he served as the Savages' catcher.

In high school, McCann was a three sport all-state athlete in football, wrestling, and baseball, and received all-american honors in wrestling.

McCann, a former English teacher, has a strong commitment to his players' education. This commitment has helped this year's squad to the highest team grade point average in years.

"The guys really got after it in the classroom this past semester. It took some adjustment time for a few players, but they put their noses in their books and came through big for us and for themselves."

As for his new team, McCann believes there will be a big difference in his team from teams in the past.

"This year's team is more disciplined on and off the field. They play with more aggression and pride. The players are more responsible and are more mentally and physically prepared than Centenary teams have been in the past. The experiences and challenges they have faced over the past few months have truly prepared them. You'll see them playing with a real 'take no prisoners' attitude."

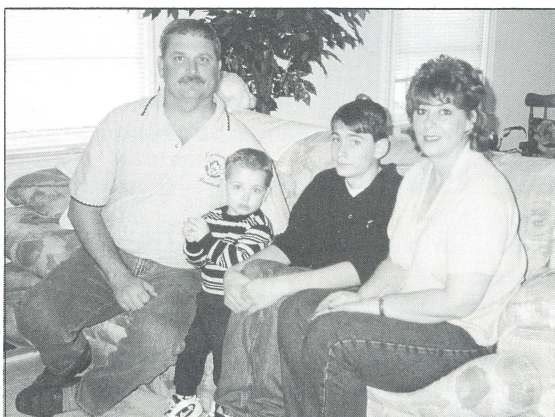

McCann and his wife Debbie have two children: Brian, 14 and Chase, 2.

MCCANN'S COACHING PHILOSOPHY

"I like the short game of baseball. I don't play for the big inning. I like the hit and run, the squeeze. Put the ball in play.

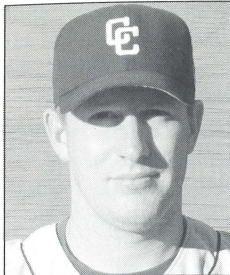

A student-athlete who doesn't get it done in the classroom, then won't get it done on the field.

Baseball is like a chess game. You have to look ahead two, three innings. Who will be at bat, who do I have on the bench, who will they be throwing?"

The McCann Family

ASSISTANT COACHES

JUSTIN KERN
ASSISTANT COACH

In his second season as an assistant coach for the Gents, Justin Kern has added the title of hitting coach to his responsibilities after spending last year as Centenary's catching and third base coach.

Kern, a native of Oceanside, California, is also responsible for generating program revenue. As a recruiter, he added half a dozen athletes to the Centenary program this year.

A three year letter winner and 1997 graduate of University of the Pacific, Kern spent time as an assistant coach in the San Diego Padres' instructional league scouting and working with catchers. He has also coached numerous Senior Little League teams.

In addition to his baseball responsibilities, "Coach K" serves as the Centenary athletic department's business manager and head men's cross country coach.

Born in London, England, Justin is the son of Jerry and Blake Kern and has a younger sister, Kasia.

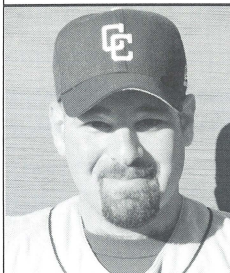

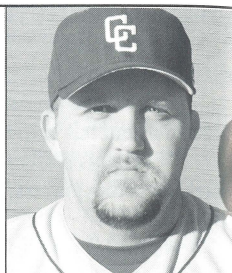

SCOTT LEACH
ASSISTANT COACH

Scott Leach is in his second year as assistant coach at Centenary after serving as an assistant at LSU-Shreveport for two seasons.

Leach, a former pitcher and infielder for LSU-S, will be working with the infielders after being the outfield coach last season.

While serving as pitching coach at LSU-S, Leach helped guide the Pilots to their first and only conference championship. His pitchers set many school records including most wins in a season (21) and lowest team ERA (5.87).

Leach, who attended local Parkway High School, is a native of Sacramento, California, and a 1996 graduate of LSU-Shreveport.

DARRELL HANDELSMAN
ASSISTANT COACH

Assistant coach Darrell Handelsman joins the coaching staff this season and will serve as the outfield coach for the Gents. He will also work with the Gents' baserunning and assist with the pitchers. In addition, he will coach the Gents' short hitting game.

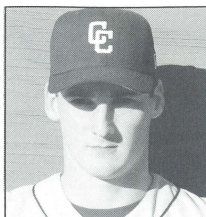

Handelsman has several years of coaching experience, having spent last season as an assistant coach at New Mexico Highlands University.

From 1991-97, he served as an assistant at Los Angeles Valley College. He has also been the head coach of the Waterloo Bucks and the Kenosha Kroakers of the Northwoods Collegiate League.

Handelsman, a native of Brooklyn, New York, graduated in 1991 from San Francisco State with a degree in speech communications. He also spent time at Los Angeles Valley College and College of the Canyons.

Handelsman was a first team All-CIF selection at Montclair College Prep in 1996 where he played first, third, and catcher.
